00:04:34 Gill Patten: Hello - did I get the time wrong? I'm in the UK and I thought the meeting started at 11am EST, which is 4.00pm here, but I had difficulty joining then.

00:05:37 Gill Patten: Tell me about it!

00:06:28 Charles Anthony: I think what they mean is the NMUG website says the meeting starts at 11:00 but usually the meetings are at 11:30

00:49:13 Roger Johnson: Dan you are amazing with this new Club website!

00:49:20 Ward Clark: Many of us already own the Take Control Books. It would be nice to get a small price break for those classes.

00:49:21 Billy McKee: If a new member signs up for all 24 classes, could there be an incentive of first year membership free?

00:49:27 Debby Clark: If we miss a class, will the video link show up in our user profile?

00:49:36 Edwin Docherty: Reacted to "Many of us already o..." with 👍

00:51:37 Billy McKee: Sorry meant 10 classes in 2024!

00:52:10 Jo Gammichia: How long will the classes stay available to review if you attend the class?

00:53:03 Gill Patten: Would we be able to buy into classes after they have taken place?

00:53:50 Michael Tulper: May I suggest that prior to deciding on what classes to offer next time..how about polling the members for requests... Personally I would like to have a class on a security & how to clean up after being compromised, also would love to see an in depth class on using spamsieve & malwarebytes (perhaps a combined class)

00:53:56 Bob McKenzie: Does the calendar subscribe work for the class schedule Just the ones I bought or all 10?

00:54:02 James Corsica: Will David A. be doing a survey of streaming devices as well?

00:55:31 Fred Pryor: Ward use the new copy as a gift to incise some one else!

00:55:41 Ward Clark: \$25 is fine!

00:56:07 Brian Silverio: The board does a wonderful job giving us value for our money

00:56:46 alyce shikano: Reacted to "The board does a won..." with 👍

00:57:44 Billy McKee: Fair point - baseline Price is good value - needs saying up front somewhere.

01:01:13 Betsy R Cramer: Are last year's classes listed and if so, where are they? ...There is at least one that I missed (and paid for) last year.

01:01:42 Debby Clark: Reacted to "Are last year's clas..." with 👍

01:02:26 Debby Clark: Jotform is a great survey/poll app on the web

01:04:32 Travis J Harder - He/Him/His: Reacted to "The board does a won..." with 👍

01:04:33 Gill Patten: I can't see how/where to refresh the

calendar automatically. Is it possible in Monterey?
01:05:04 Giovanni Brignolo: I have lost a good part of the presentation -PGE Power Failure in my area
01:05:38 Jo Gammichia: Tried to use the calendar URL to add calendar subscription but failed. Can you put the URL here?
01:06:32 Melissa Green: spam seed? can you add a link in this chat?
01:06:44 Victoria Herring: It is Spam Sieve -
01:07:12 Nancy Pyle McGee: Spell it out please
01:07:17 Victoria Herring: C-command.com
01:07:24 Billy McKee: I supplement SpamSieve with Apple Rules to delete and currently have 360 rules. Few extra per week keeps spam away with empty Junk and Bin folders.
01:07:35 Dan Wassink: Link for Calendar: webcal://naplesmug.com/?post_type=tribe_events&ical=1&eventDisplay=list
01:07:50 Mike Kwasniak: Link for SpamSieve: <https://c-command.com/spamsieve/>
01:07:51 Edwin Docherty: Reacted to "The board does a won..." with 👍
01:07:57 Victoria Herring: <https://c-command.com/blog/2023/09/21/spamsieve-3-0/> - I've used SpamSieve almost as long as Chita == it works fine on Sonoma
01:08:23 Gill Patten: Malwarebytes doesn't seem to slow anything down.
01:08:39 Jeff Semroc: If you're a TidBITS member you can get SpamSieve at a discount
01:09:22 Ward Clark: Reacted to "Ward use the new cop..." with 👍
01:12:42 Billy McKee: Can you convert local to iCloud mailboxes?
01:13:19 Roger Johnson: Why doesn't the calendar show the Nov 15th weekly class?
01:13:31 Jo Gammichia: Yeah!!
01:13:47 George Brooks: Soft opening today ... Grand Opening Dec 1
01:14:06 Chita Hunter: Reacted to "Soft opening today" with 🍷
01:14:25 Mike Kwasniak: @George - or book today and get a seat at the front of the class 🤔
01:14:55 Nancy Pyle McGee: Are all memberships Jan to Dec?
01:15:28 Heidi Gilbert: I have never used the calendar how do I proceed
01:16:09 Heidi Gilbert: I have never used the nougat calendar; how do I proceed
01:16:42 Ward Clark: Is there any trick to allow personal adjustments to a events in a subscribed calendar?
01:18:21 Debby Clark: But I cannot subscribe to the Calendar on the iPad?

01:18:53 Bela Feher: Another approach to handling spam that I use is to transfer the spam to the Junk folder, block the sender, then delete the spam. Next time a spam is received from that sender, it will be in the Junk folder and a right click shows whether or not it was previously designated as blocked spam, if so it can be deleted by moving the cursor up one notch to "delete." Or even quicker, handling many spams, just check whether the sender is blocked by clicking sequentially on each message, confirm that it is blocked, then select all (cmd-A) and delete the batch of spams.

01:20:18 Debby Clark: Replying to "But I cannot subscri..."
Maybe if I do it on my Mac, then it will show up in the calendar on the iPad.. but what if someone doesn't have a Mac?

01:21:19 Billy McKee: Cheers- my use of rules automates future deletions; I don't find Block to be totally reliable.

01:25:21 Melissa Green: Don - you need to be logged into the 2TB account which manages family status.

01:26:18 Brian Silverio: Very well done!

01:26:21 Melissa Green: class lineup looks good. will attend several but not all.

01:26:23 Debby Clark: Looks good! I'll be signing up

01:26:24 Heidi Gilbert: looks good

01:26:35 James Corsica: Real bargains.

01:26:49 Don Hennessy: Great to hear we can 'buy a past class - if needed later.

01:26:49 Nancy Pyle McGee: Looks exciting - will sign up for a couple.

01:26:56 Robert Wright: Great class lineup! Thanks to board for their hard work. Much appreciated!

01:27:00 Ward Clark: There are several classes I'd like to attend right now!

01:27:08 Jo Gammichia: This is wonderful, thanks a bunch!

01:27:09 jay em: Why are classes only held in jan -Marc

01:27:38 Don Peacock: Another great meeting. Thanks, Chita & Dan!

01:27:40 Debby Clark: I missed the answer as to where I can access past classes I've paid for?

01:27:54 Heidi Gilbert: any chance, sometime, having a class just on accessibility

01:28:32 Don Peacock: We used to have to rent classroom space.

01:29:01 George Brooks: I have question off topic there are apps to download podcast and create playlist. Are there apps that do the same thing for YouTube videos?

01:29:46 Ronald Acheson: May I donate the class Take control book to a friend if I already have a purchased copy.

01:29:49 Ward Clark: Replying to "I have question off ..."

Check out Downie

01:30:09 Ann MacKay: Now that you are online only, maybe the board could consider spreading out the classes.

01:31:50 Travis J Harder – He/Him/His: I appreciate the relativity of these classes. They teach topics that are helpful to learn about now! Similar to “Just In Time” training.

01:32:41 Heidi Gilbert: accessibility???

01:33:08 Melissa Green: Reacted to "accessibility???" with 👍

01:34:12 Bela Feher: Last year I subscribed to several classes that included Take Control books that I already owned, so I didn't download the book for the class, but I would think that the book should be available to another user in my family.

01:35:17 Melissa Green: looking forward to new classes

01:35:18 Hank Humphrey: Chita—you do a great job!!

01:36:03 Chita Hunter: Replying to "Chita—you do a great..."

Thank you.
